

Michela D'Urso

Product Designer & Builder

dursomichela01@gmail.com | [Website](#) | [LinkedIn](#)

HARD SKILLS

Rapid MVP building (vibe coding, AI-assisted development); Product management (backlog, OKR/KPI, roadmap, prioritization); Discovery & user research (interviews, usability tests, concept design); Wireframing & prototyping; Design systems; Accessibility & Inclusive design.

WORK EXPERIENCE

Product Designer & Builder @ TeamSystem

Feb 2024 - Now

Industries: HR Tech, Fintech, B2B SaaS, AI-native products

- Design & Management on an AI-native HR/payroll product for labor consultants and payroll specialists;
- Ship features end-to-end across an HR and Fintech SaaS portfolio (B2B2C cloud, B2B Suite, AI-native);
- Lead discovery with UX Researchers and translate insights into product decisions.
- Align product direction with business goals and contribute to roadmap prioritisation.
- Design and build interactive prototypes using AI-assisted tools to validate both standard user interactions and conversational AI experiences.
- Facilitate co-design sessions, workshops, and cross-team alignment initiatives.

Designer & UX Strategist @ Kilobit SRL

Feb 2021 - Oct 2023

Industries: B2C, B2B, Public Administration

- UX strategy & UX/UI design for digital products across multiple verticals
- Brand strategy: brand analysis, benchmarking, creative direction, tone of voice
- User research & discovery to inform product and brand decisions
- Supporting work in graphic design and social media management
